

Dromex

65/35 HACCP CONTI SUIT

DW-HACCP-XX-J / P

Description

The Dromex® DW-HACCP (Hazard Analysis Critical Control Points - a systematic approach to the identification, evaluation, and control of food safety hazards) jacket and pants suit is designed for daily wear, used in the food industry.

The garment construction is strong and durable, providing the user with protection against mechanical hazards such as abrasion and tear, whilst withstanding the laundry requirements of the food industry.

Made with a blend of 65% Polyester and 35% cotton fabric that features the sturdiness and colour fastness of polyester and the comfort from cotton.

This garment is available in 4 different colours, royal blue, navy blue, white and red which consists of the following:

Jacket:

- Pull over jacket with a V-neck chest and collar.
- The shoulders, armholes, sleeves and side seams are triple stitched for added durability.
- An internal pocket with a flap on left chest.
- Side slits for better fit over waist.
- Single stitched 1.2cm hem.
- Cuffs are partially elasticated for a comfortable fit, which prevents sleeve roll ups and won't get caught in machinery.

Pants:

- An elasticated waist with internal drawstring for optimum fit and flexibility.
- Seams are triple stitched for added durability.
- Right rear pocket with flap closure and Dromex® sidewinder.

Special Instructions

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer.

The manufacturer has examined under the system for ensuring quality of production by means of monitoring and inspection.

These polycotton garments are designed to accommodate the basic safety requirements and standards for Personal Protective Equipment.

Not for use against heat and flame hazards.

The information contained herein is intended to assist the wearer in the selection of personal protective equipment.

Actual conditions of use cannot be directly simulated in a test environment therefore it is the responsibility of the end user and not the manufacturer or supplier to determine the garment suitability for the intended use.

This garment should be thoroughly inspected before use to ensure no damage is present.

Should there be visible damage such as tears, it is recommended to replace the garment immediately.

Dromex® DW-HACCP-XX-P- are packed in individual poly bags.

If there is visible damage such tears it is recommended to replace the garment immediately.

Cleaning & Maintenance

The following suggestions will help keep your garment safe and neat:

- Polycotton garments can be cleaned by home cleaning or commercial laundering provided all the recommended conditions and setting are adhered to.
- Should home procedures not remove contaminants, then dry cleaning is recommended.
- Our recommended cleaning for these garments is as follows:
 - Pre-treat greasy stains and wash the garment in warm water with a light cleaning solvent.
 - Do not use Hypochlorite bleach or detergents containing Hypochlorite bleach as fading may occur.
 - Do not tumble dry.
 - Thoroughly rinse the garment to remove any wetting agents.
 - Iron the garment to on low heat.
 - When using commercial laundry aids, be sure to read and carefully follow the manufacturer's instructions.
