FEATURES

DESCRIPTION

These Heavy Duty Gumboots are suited for South African mining and construction industries, as well as chemical and agricultural environments. They are specifically designed and manufactured to withstand unusual strain in difficult work situations and locations. The sometimes harsh and stressful conditions can be alleviated purely by giving your workforce the choice of good quality protection and by easing the strain or eliminating a possible injury.

MAINTENANCE

To keep footwear in usable conditions it is recommended to maintain it always clean and polished. If wet, shoes should be dried at room temperature. Never heat at stove.
